

Crane Credit Union Distributes Nearly \$9,000 in Prizes to Reward Members for Saving Money

Indiana's credit unions are reinventing the way they think about traditional savings products and starting to offer members a new savings concept that offers multiple benefits. Crane Credit Union offers an innovative savings program called Save to Win. By making a \$25 deposit, members at participating credit unions will be entered into drawings throughout the year and will get chances to win cash prizes – all while building their savings balances.

Launched at Crane in April 2016, this prize-linked savings account gives Hoosier savers the chance to win monthly and quarterly prizes from two different prize pools. The state-level prize pool will feature monthly and quarterly prizes ranging from \$50 to \$1,000 and a national prize pool will offer quarterly prizes from \$25 to \$5,000. Crane Credit Union also distributes at least \$500 in prizes each month to its members. Credit union members just need to save their money to qualify. Savers earn entries for every \$25 they save in a given month, with a maximum of ten entries per month.

Crane has distributed \$7,750 in cash prizes to its members since it launched the program. The Credit Union has had members win from \$25 to \$500 in individual cash prizes.
